

ABOUT THE CLINICIAN

Hank Chisholm, CJF

A graduate of Oklahoma Horseshoeing School in 1986, Hank completed the basic certification in the early 90's and journeyman certification in 1997.

Following a five year apprenticeship, Hank

built his farrier business focusing predominantly on western horses; barrel horses, rope horses, reining horses, hunters and show jumpers.

He has been an active member of the Southern Farrier's Association since 1992 and served as President for six years. He also served as a Region 4 Director for the American Farriers Association (AFA).

At the 2015 American Farriers Association Convention, Hank was awarded the Edward Martin Humanitarian Award for his active effort to promote goodwill in the farrier profession. Through his drive to promote education through certification, Hank became a Certified Tester and a Certified Instructor for the AFA. In 2018, he was honored with the Walt Taylor Award for his unlimited service and unselfish devotion to the farrier industry.

Throughout his career, Hank has attended many clinics and seminars where he has increased his knowledge of the equine anatomy, learned the fundamentals of the farrier business, and witnessed the importance of certification.

Hank lives in south Mississippi where he has operated a full time farrier business for 32 years. He is dedicated to constantly improving his skills and knowledge in an effort to help the horse as well as other farriers. Hank is the current Pre-Certification Chairman for the American Farriers Association.
