The Kerckhaert Standard Max is the answer to increased demand from farriers for a basic shoe with additional thickness. Full toe, nicely balanced for the width of stock.

BELLOTA TOP LEVEL RASP

Slightly thinner and about 12% wider (approximately 2") than traditional Bellota styles. The 8 tooth rasp side pattern has an aggressive cut and an intermediate file side.

LIBERTY CU NAILS

In addition to all of the same great features of the Liberty steel nail, Liberty Cu horseshoe nails include Copper (Cu) Shield Technology. This technology provides more protection than traditional horseshoe nails

KERCKHAERT RANGER LITE RIM
