ABOUT THE CLINICIAN

HANK CHISHOLM, CJF

A graduate of Oklahoma Horseshoeing School in 1986, Hank completed the basic certification in the early 90's and journeyman certification in 1997. Following a five year apprenticeship, Hank built his farrier business focusing predominantly on western horses; barrel horses, rope horses, reining horses, hunters and show jumpers.

He has been an active member of the Southern Farrier's Association since 1992 and served as President for six years. He also served as a Region 4 Director for the American Farriers Association (AFA).

At the 2015 American Farriers Association Convention, Hank was awarded the Edward Martin Humanitarian Award for his active effort to promote goodwill in the farrier profession. Through his drive to promote education

through certification, Hank became a Certified Tester and a Certified Instructor, as well as the Pre-certification Chairman for the American Farriers Association. In 2018, he was honored with the Walt Taylor Award for his unlimited service and unselfish devotion to the farrier industry.

Throughout his career, Hank has attended many clinics and seminars where he has increased his knowledge of the equine anatomy, learned the fundamentals of the farrier business, and witnessed the importance of certification.

Hank lives in south Mississippi where he has operated a full time farrier business for 32 years. He is dedicated to constantly improving his skills and knowledge in an effort to help the horse as well as other farriers.

Featured Products

3D HOOFCARE PADS

3D Pads are designed to stop the frog from descending to the ground through peripheral loading of the hoof wall that results in sore heels and possible corns. Eclipse, Half Mesh, Half Mesh Degree and Full Mesh styles are available.

KERCKHAERT SX-10

The SX-10 is the first 10mm Kerckhaert shoe in a front and hind pattern punched for City and Combo Slim nails. The SX-10 is an excellent choice if you are looking for additional strength, wear, nailing and modification options.

LIBERTY COMBO SLIM NAILS

Combo nails are a modification of the City or Slim nail. The heads are slightly larger but yet the shank is still similar to the City or Slim. They are often used for resetting when nail holes have enlarged or with shoes that have a wide crease.

BELLOTA TOP LEVEL AND PRIME LEVEL RASPS

With the most advanced research, production, controls and testing, Bellota delivers the best performing rasps. The Top Level and Prime Level are 12% wider and 10% thinner than regular rasps, for perfect leveling balance and control.
