ABOUT THE CLINICIAN

TIM SHANNON, CJF, APF, AWCF, GRADDIP ELR

Tim Shannon CJF, APF, AWCF, GradDip ELR is a full time farrier from Southern California and has been in practice since 1987. His practice consists primarily of FEI Eventing and Endurance horses, and Tim's clients have competed across the United States, Europe and the Middle East.

Tim, a clinician and speaker, has written articles for multiple trade publications and competed in farrier competitions across the country. In 2008, he was named the World's Fastest Mule Shoer. In April 2019, Tim spent two weeks teaching at the Farrier Institute of Dundlod in India. He received a Graduate Diploma of Equine Locomotor Research through the Royal Veterinary College of London in 2020.

Tim is committed to continuing education and fostering productive relationships between equine practitioners for the benefit of the horse.

Featured Products

FOOTPRO™ DIM IMPRESSION MATERIAL
A non-toxic, non-allergenic, dental grade silicone that is hand mixed to a moldable consistency and applied to the bottom of the equine foot with a pad to provide either a soft cushion (DIM20), or a firm supportive material (DIM40). Each box contains a total of either 4 lbs. or 2 lbs. (Equal Parts Catalyst and Base).

KERCKHAERT TRIUMPH STEEL
This shoe is a Rim-type shoe with bevels and solid heel area. The shoe is available in front and hind patterns, clipped or unclipped. The steeper bevel in toe provides good breakover and less chance of slipping.

BELLOTA RASPS
Guaranteed consistency, and varying combinations of rasp and file coarseness, length and width options. Rasps stay sharp longer; with chrome alloy steel and a unique tempering process that ensures sharpness. Tests have shown that Bellota outperforms the competition and delivers better cutting performance, consistency and durability over time.

KERCKHAERT SX-10
The first 10mm Kerckhaert shoe in a front and hind pattern punched for City and Combo Slim nails. The SX-10 is an excellent choice if you are looking for additional strength, wear, nailing and modification options.
