

FootPro™ Cast

FootPro™ Cast is a resin impregnated fiberglass mesh casting material that is an affordable and user-friendly option for the treatment of hoof problems where support and protection are needed. FootPro Cast provides protection from wear, helps strengthen and stabilize the hoof capsule and is excellent for therapeutic applications. It is wrapped dry with the help of adhesive holding the first layer, then wetted to activate the resin and cure it.

FEATURES

- Resin impregnated fiberglass mesh fabric
- Dry technique
- Two Sizes: 2" x 4 yds for horses up to 1,100 lbs; 3" x 4 yds for horses 1,100 to 1,300 lbs

BENEFITS

- Resin impregnated fiberglass mesh fabric conforms to the hoof, provides support, wear protection and stabilizes the whole hoof.
- Dry technique provides much greater working time and control by allowing the user the choice when to activate and cure the resin.
- Two sizes gives the user a choice depending on hoof size.
