Featured Products

KERCKHAERT PRIDE SHOES

This Kerckhaert shoe is ideal for use with young rope and reining horses. No crease and punched for 4-1/2 Race or 5 Special. Finish allows for decreased work on nail holes or heel area.

LIBERTY CU CARRERA NAILS

Slight extra "neck" fits more securely in the punching, a slim shank and only a minimal amount of head above the shoe surface. Three sizes available: Small (4), Medium (4.5) and Long (5).

BELLOTA RASPS

Guaranteed consistency, and varying combinations of rasp and file coarseness, length and width options. Tests have shown that Bellota outperforms the competition and delivers better cutting performance, consistency and durability over time.

FOOTPRO™ DIM

IMPRESSION MATERIAL

A non-toxic, non-allergenic, dental grade silicone that is hand mixed to a moldable consistency and applied to the bottom of the equine foot with a pad to provide either a soft cushion (DIM20), or a firm supportive material (DIM40).
